Clerk:

I am writing to try to get a copy of a paper that I supplied as an exhibit in one of my motions. I somehow misplaced my copy and I need a copy to supply proof of hours for the Dept of Labor.

I am enclosing a copy of a sheet that looks very similar to the one I need. The only difference being that it is for welding not electrical and it is signed by Rocky Rodriguez. It can be found in on at 2 places. It is either in Docket # 59 under Exhibit B or in Docket # 62 and under the Exhibit for Dept of labor welding hours.

I am also wondering if there has been any movement in my CR/15 case. I first filed almost 2 years ago and filed a Supplemental over 1 year ago and have still heard nothing. I am currently in the process of getting another update prepared for the court.

I would like to thank you in advance for all your help in these important matters.

Take care,

Andrew Smith 16882-029
